

WHAT HAS THE

FLORIDA HOME BUILDERS ASSOCIATION

DONE FOR MEMBERS LATELY...

Achieved a 6.4 percent reduction in workers' comp insurance rates, a \$600 million savings, through successful legislative efforts.

Advocated for the extension of already-approved building and development permits until the economy rebounds.

Supported putting the impact fee burden-of-proof on government to prove the validity of impact fees.

Produced a Legislative Scorecard – grading members of the Florida House and Senate on their votes affecting building industry issues.

Limited unfair competition by coordinating with state officials to crack down on unlicensed contractors.

Held down expensive and unnecessary changes to the Florida Building Code.

Saved new and existing homes more than \$500 million by preventing costly, unproven Performance Based Treatment System septic tank rules.

Represented builders' interest in state and federal problem **drywall investigations**.

Provided skills and leadership training to Florida's future builders.

Presented construction experts and timely industry information during a 17-city Road to **Recovery Road Show**.

Gave building professionals access to the **best and latest in new-home construction products and services** at the SEBC/ Green Building Show.

Provided artisans and general contractors with access to a **new general liability product**.

Prevented potential \$30,000 per incident EPA fines by offering newly required Renovation, Repair and Painting Training.

Worked on **defeating an anti-job, anti-growth** constitutional amendment.

Provided **free continuing education training** to 1,500 Florida building professionals during a 21-city tour.

Prevented unfunded new regulations from being imposed.

PLENTY!
